The All-American Soap Box Derby is a youth racing program for boys and girls ages 7-18 to compete in the Stock or Super Stock divisions. The Soap Box Derby has run nationally since 1934. The regional St. Louis race has been a tradition since the 1950's. Today, we race down Macklind Ave. on The Hill since 1999.

Winners of each division of the St. Louis regional race are eligible to move on to the World Championship finals, which is held July 16th-22nd, at Derby Downs in Akron, Ohio. Hundreds of kids compete that week to crown the All-American Soap Box Derby World Champion.
