SECOND DISTRICT

THIEVES ARE TARGETING YOU!!!

YOU CAN PREVENT

Vehicle Break-ins & Theft of Firearms/Guns

NEVER leave **valuables** in plain sight.

*Thieves are tempted by items out in plain sight. Be mindful, that they are also watching for people who place valuables in the trunk of their vehicles, too. Any valuables that you must leave in the vehicle should be hidden and secured **PRIOR** to your arrival at your destination.*

NEVER leave a **firearm/gun** in your vehicle.

Thieves know common places firearms are hidden. They also know places (BARS/RESTAURANTS) that do not allow firearms inside and will target vehicles near these locations. If you are not allowed to take your firearm inside with you, leave it at home.

**DON'T HESITATE TO REPORT ANY SUSPICIOUS ACTIVITY TO OUR
